

## **Groupe PSA Awards Global Deal to TomTom**

October 2, 2018

### ***Peugeot, Citroën, DS, Opel and Vauxhall Drivers to Continue to Enjoy Driving with TomTom Navigation and Live Services***

**Paris Motor Show, France, October 2, 2018** TomTom ([TOM2](#)) today announced that it has been awarded an extension to an existing deal to provide navigation components to PSA beyond 2020. Drivers of Peugeot, Citroën, DS, Opel and Vauxhall vehicles will continue to enjoy driving with TomTom's full suite of navigation components including automotive grade maps, award-winning navigation and routing, and live services such as traffic information.

"We're happy to extend our deal with PSA," said Antoine Saucier, Managing Director, TomTom Automotive. "With our complete stack of highly-accurate maps, navigation software and real-time traffic information, TomTom is uniquely positioned in the automotive industry."

Over 1 million PSA vehicles have already been sold in 2018 with TomTom's full stack of navigation components.

TomTom is at the Paris Motor Show 2018 – Pavillion 1, Booth 212.
